WHAT WE BUILD

One studio, every craft.

Web Apps CORE

Custom business tools — from a single estimation module up to full multi-module ERP.

Next.js · Node · PostgreSQL · Kafka

Websites

Static through full dynamic CMS sites with booking, forms and SEO basics.

WordPress · Next.js · Tailwind

Mobile Apps

Offline-first Android — LAN peer sync and BLE pairing, no internet needed.

React Native · Expo · SQLite · BLE

Data Analytics

Custom dashboards and Power BI — flat-file through data warehouse architecture.

Power BI · Python · PostgreSQL · Kafka

AI / RAG

Ask questions over your own documents and business data, with local-AI options for privacy.

RAG · Elasticsearch · PostgreSQL

Digital Marketing

Get found on Meta, Google, email and AI search, organic first and paid when it makes sense.

Meta · Google · SEO

Design + Artworks

Logos, artwork and creatives to go with your website and campaigns.

Logo · Artwork · Creatives

BUILT FOR

E-commerce & D2C · Tourism & Hospitality · Photography · Civil Engineering · Startups

CRAFTMAN

WEB · MOBILE · ANALYTICS

Custom web apps, websites, mobile apps, analytics, and AI/RAG pipelines — backed by live projects in India, Austria, and Rwanda.

3	5	1
WEB APPS LIVE	SITES SHIPPED	MOBILE APP

- **Direct developer contact** no account managers in between.
- **Fixed-scope quotes** know the cost before we start.
- **Already live** real projects you can visit today.

SERVICE CATALOG 2026

WEB APPS — OUR CORE WORK

Running in production

ProSheet — app.craftman.io

Project estimation and timeline manager — real-time inventory, secure payments, responsive UI.

Next.js · TypeScript · Tailwind · Prisma

ERP — erp.craftman.io

Multi-module platform: procurement, inventory, transit/logistics, cost estimation and sales.

Next.js · Node.js · PostgreSQL · Kafka · Redis

AI / RAG Assistant — Demo on request

Ask questions over your own documents and business data. Runs on a local machine; a private demo link is shared on request.

RAG · Elasticsearch · PostgreSQL · local AI

HOW WEB APP PRICING WORKS

Serverless — Single User	**₹7,000/module**
+ ₹5,000 prepaid wallet · ₹0.50 per transaction	
Server — Multi User	**₹10,000/module**
+ ₹12,000 DB setup · 1st training free · AMC ₹300/yr · ₹0.50 per transaction	

Modules: ProSheet · Data Forms · Cricket App · Custom Analytics · Restaurant Recipe. Power BI dashboards ₹3,000 each.

ALSO — WEBSITES

AmruthaValli Hotels	HOTEL	ahobilamhotels.com
Anji Tourist Guide	TOURISM	ahobilamguide.com
Gowthami Home Stay	HOMESTAY	ahobilamgowthamirooms.com
Auro Industries	FULL-STACK	auroindustries.org

WEBSITES: STARTING FROM

Starter (static)	**from ₹8,500**
Business (CMS + forms)	**from ₹15,000**
Full-Stack (database-backed)	**from ₹30,000**

Every project is tailor-made. Final price depends on what you need; get your own quote with the pricing calculator at craftman.io.

MOBILE APP — ANDROID

FisCus

Offline-first group travel expense tracker. LAN peer sync plus BLE pairing — zero internet required.

- **Multi-currency expenses** — log spend in any currency at the rate you actually got.
- **Equal-split settlement** — the app works out who owes whom, to the rupee.
- **QR trip invites** — scan to join a trip, no accounts or sign-up.
- **LAN + BLE peer sync** — devices reconcile directly, with no server in between.

MOBILE APP PRICING

Installation (LAN sync included)	**₹10,000**
BLE nearby-device unlock	**₹25,000**
Starter trip pack — 10 trips	**₹500**
Value trip pack — 30 trips	**₹1,200**
Annual update license	**₹999/yr**

Trip packs validate on-device — no server, no cloud dependency. React Native · Expo · SQLite · Zustand.

DATA ANALYTICS

Turn data into decisions

Custom web dashboards or Power BI — from flat-file reports through full data warehouse builds.
